1. Who can see my eminence, my preeminence release, my all-Godship within them becoming that which the kingdom of heaven is? Who can see my imminent, that which comes forth from now within them, if they let me/it, if they want me/it, dying to self to get it/me, arising to life/me in resurrection of only me/them; me in them in me, them in me in them, us in each other being each other, unlimited Christs being/redeeming many and afar from what others call normal, **but "normal" changes and becomes me me'd.** I love you. Watch me/us.
2. Watch definitions/"normalcy" change, watch my definitory vocabularyship arise, in my restored ones, not; surrendered ones surrendering to my all'ship/tongue, wagging not about men's mindships but mine alone; not wagging but speaking, creating, demising untruth, cutting asunder real from truth thought, and unreal from truth that now takes place **in surrendered ones** creating truth, not; revealing it, creating worlds within/upon worlds. I love you all.
3. This is the me and who can see me world'd not but taking plane ship not but one'ing many through the use of both, enjoying many; relationshiping beyond any worlds imaginable. I love you all.
4. My rest, peace, worldship beyond all borders, boundaries, that you know don't exist. I love you **nonexistent'ing borders and boundaries now in student colleagues many across many unboundaries, time'd not; I do, you do, we are one.** I love you.
5. This is the now. I come, call, conquer now in force not, but surrender, rest, peace; placidness of only me my kingdom which chaos knows nothing of.
6. I now you. Untime'd, I love you more. Possible? I love you. Soon find/finding out, in me, innards royal'd, out'ards uniroyal'd. Amen. Me. Smiling. **Meship continues development in my all-surrendered ones who many now are. Coming, they come/are there, now, see.**
7. I love you preparing and readying my all'ship courses, all-breath'ing my who want/seek me for their breath, more than their breath; desperately wanting truth/reality truth'd, through my Cross not; through my Cross, me, my death burial and resurrection and now coming/walking through me, becoming/become me; I Am. I love you. Me. Amen.

8. My time/essence coming forth unequivocalized. I vocal am. I time pass/surpass. I now am me, I Am. All things not; my father loves me/has given me his all, all. I love you.

9. Goodnight not, I am just beginning to more you more than can imagine. I love you all.

10. **Goodnight not, I Am and night never now you see/experience the same again.** I am the light, light not more'd not, you me in our temple, one. I love you all. New heaven'd, new earth; all things new. I Am. I love you. Me.

11. One thing changes not; my love for you. Unless it increases. It does forever.
Amen.
